### BREED THEATER.

James J. Corbett in Great Athletic Picture.

Undoubtedly one of the brightest and best athletic pictures ever photographed is the superb feature at the Breed theater for the balance of the week, and was shown last evening for the first time under the title "How Champions Are Won and Lost." To say it was successful is placing it mildly, for the house received it with open arms as the best sporting picture of the year. The picture is thoroughly refined in every respect, having a fine plot that is filled with aristocratic characters, and leading up to the athletic portion in a most natural manner. The Vitagraph girl features as the co-star in this big picture, and receives some strenuous lessons in the manly art. Mr. Corbett is later assisted by Tom Kennedy, the celebrated heavy-weight, to illustrate how great championships were won and lost by Mitchell, Sullivan, Jeffries and Sharkey. The picture closes with a lively three round exhibition bout, utilizing every blow known to the generals of the ring. This picture will be shown only for the balance of the week. The Biograph picture is entitled "Victim of Jealousy," and is a dramatic picture of great merit and interest, and pictures this great feat at its best.

Miss Clark sings the southern ditty, "Phoebe Jane," with pictures.

### TO LICENSE CATS.

Petition Received by New Haven Board of Aldermen.

The board of aldermen hustled through a hot meeting at New Haven, Monday night, when a petition from the New Haven Board of Aldermen, favoring an ordinance aimed at stray cats. It was signed by Albert D. DeBussey, Charles W. Whittlesey, J. D. Fowler and John R. Rembert. The fact that there are a great many "homeless, tramp cats," and that they are a nuisance. It is alleged that they kill song birds, squirrels, etc., and that they make unnecessary noise. The petition urged that all cats be licensed as dogs are and that should a stray feline be caught on the back fence without a collar and license number, be dealt with summarily as are their friends the enemy. The petition was referred to the committee on ordinance.

### PURE MILK FOR CHILDREN.

Hartford Dispensary in Co-Operation With Visiting Nurses.

Beginning July 1, the Hartford dispensary will furnish pure milk for children. This will be done in co-operation with the Visiting Nurses' association. The dispensary will furnish the milk and the ice, while the Visiting Nurses' association will furnish the milk station. The milk will be at No. 34 Charter Oak avenue, the association's new quarters.

In summer weather there are always many children who become ill through impure milk, and experience has shown that much suffering can be alleviated and much good done by feeding pure milk to the children. It is not only a curative force, but also a preventive measure, saving many children from serious illness. The nurses will not only see that the children are provided with pure milk, but will teach the mothers how to feed the children, one of the important elements relative to the good health of children.

### HOW INTEREST INCREASES.

Compounded Semi-Annually It Raised Deposit from \$150 to \$372.78

A lady called Friday at the National Savings Bank with her pass-book to have the interest credited, says she New Haven Journal. On the 14th day of May, 1905, there was a balance of \$150 to her credit. Since that the sum of \$372.78 has been credited on her book as interest, making a total of \$372.78 now to her credit. On the 14th day of July, 1910, an additional sum of \$7.42 as interest will be added to her account. Mr. S. Zundel, who has been with the bank for more than 20 years says that this case is one of many hundreds who rarely disturb the interest on their savings.

### HOME FOR VISITING NURSES.

Mrs. G. W. Russell Buys House on Charter Oak Avenue, Hartford.

Mrs. Gordon W. Russell, widow of Dr. Russell, has bought the house, No. 12 Charter Oak avenue, Hartford, which is to be known as the Gordon W. Russell Home. The purchase price was about \$100,000. From another source there is a gift of \$4,000 for its furnishings. This home is to be occupied by members of the Visiting Nurses' Association and some are already there.

### Plutocratic Commissions.

Mayor Seidel of Milwaukee declares that the commission plan of government is a plutocratic plan for keeping plutocrats in power. He says that apparently is trying to make capital of a prejudice. The commission plan of government calls into service men of business ability, but whether they have property or not is never a consideration. —Spokane Spokesman-Review.

**Nominated by President Taft.**  
Lucius H. Holt, son of Fred P. Holt of Hartford, was recently nominated by President Taft as professor of English in the United States academy at West Point. Mr. Holt was graduated at Yale in 1902 and for some time has been employed on the editorial staff of Webster's Dictionary at Springfield, and is entered as a Massachusetts man.

In the Province of Prince Edward Island, as in all other portions of the Dominion, the introduction of pianos, organs, phonographs and graphophones is becoming quite general. Mechanical instruments are in great demand in the home of the farmer the organ is being displaced by the piano. The high-class American piano finds a ready sale.

### PICTURES IN CHURCH.

New Britain Congregationalists to Have Own Machine.

Announcement has been made that commencing with the regular Sunday evening services next September, the South Congregational church, of New Britain, will have moving pictures with the sermon. Former Mayor Geo. M. Landers has made an offer to give a new up-to-date moving picture machine to the church and it has been accepted.

So far as known this is the first church in New England to adopt the moving picture idea and its success or failure will be watched with interest in that section. The plan is carried out with success in many large churches in the west. It is the plan of the pastor, Rev. H. A. Jump, to arrange sermons in connection with the pictures, which will be of a religious character, and in this way the services will be made very attractive.

Mr. Landers has always had a great admiration of the moving pictures, and when an attempt was made to close the theaters a few years ago from having these shows, he opposed it and was outspoken in opposition to the change.

**Losing Our Confidence.**  
We admit that we had great confidence in the Associated Press, but that was before it sent out the statement that Roosevelt would be silent for two months after his arrival in this country. —Springfield Union.

### NOTICE

To Property Owners

and Tenants

All persons are requested to clean their premises of all old papers, excelsior, straw, old wood and rubbish and see that it is carted away to the city dump or destroyed before 6 p. m. July 3rd, 1910.

As the sale of fire crackers and explosives is permitted this year there is a little extra care on the part of all property owners and householders by cleaning up their premises may prevent a large fire, and will greatly assist the fire department.

The following suggestions, if carried out, may prevent a conflagration:

Take in under cover all barrels, boxes, etc., or any inflammable material that is liable to add to the danger.

Close all cellars, windows and air ways where a match or cracker could be carelessly dropped.

See that all old papers, hay, excelsior, etc., is removed from under the eaves or in your sidewalks.

Learn your nearest fire alarm box and see some one to teach you how to send in an alarm if you have not been instructed, and use it if necessary.

If you have a telephone in your home or place of business it may be quicker to telephone to some fire station, being careful to give the correct locality and number of house.

Place the numbers of the fire department telephones on your instrument so as to be ready. These should always be ready for any emergency.

Connect your garden hose and have it ready. Also bring your ladder from the barn and have it ready to get to the roof of your house where most of the trouble will be, as Norwich is a city of shingled roofs.
